**Chapter 28.01**  
**General**

Sections:

- 28.01.01 Purpose
- 28.01.02 Definitions

*28.01.01 Purpose*

This Title of the Tribal Code provides for a public health and safety code to cover certain activities that occur on the trust and reservation lands of the Jamestown S’Klallam Tribe and for other purposes.

For Tribal fee land and Tribal facilities on fee land, if a provision of this Title is stricter or more rigorous than the applicable state or federal requirement, then the provisions of this Title shall apply. Provisions of this Title not addressed by state or federal requirements shall apply to Tribal fee land and their associated facilities.

Some provisions of this Title are incorporated by reference from standard national and international codes and from the Revised Code of Washington, the Washington Administrative Code and the Clallam County Code.

This Title provides for minimum public health and safety standards to safeguard life, limb, public health and welfare by regulating and controlling: a) food preparation, handling, storage and vending; b) emergency preparedness and response; c) infectious diseases and their vectors; d) hazardous materials use, handling and storage; e) occupational related injuries; f) emergency medical care; g) facilities and equipment sanitation and disinfection; h) vehicle operation and maintenance; and i) fireworks.

Members of the Tribal staff charged with implementation of this Title shall cooperate and coordinate with other jurisdictions on investigations, inspections, surveys, reports and

analyses that further the purposes of this Title and related national, state and local programs. Tribal staff shall further engage in training exercises with other jurisdictions, as appropriate, and provide or seek technical assistance, as the need arises. The Tribal programs implemented under this Title shall be consistent, to the degree necessary, with the programs of other jurisdictions to insure workability and interoperability while meeting any funding requirements, such as those under a grant program, which may be in effect. Provided, however, that nothing in this Title shall be construed as a waiver of the Tribe's sovereign immunity unless specifically granted pursuant to the provisions of the Tribal Code.

It shall be unlawful for any Person, as defined in this Title, to engage in any activity covered by this Title without complying with its provisions related to that activity, including any licensing or certification requirements.

#### *28.01.02 Definitions*

The following definitions apply throughout this Title:

1. "CCC" means the Clallam County Code.
2. "CCFD3" means Clallam County Fire District 3.
3. "CCSO" means the Clallam County Sheriff's Office, the official law enforcement entity on Tribal Non-Fee Land.
4. "CEO" means the Chief Executive Officer of the Tribe or their designee.
5. "COO" means the Chief Operations Officer of the Tribe or their designee.
6. "FDA" means the United States Food and Drug Administration.
7. "Food Worker" means any individual working with unpackaged food, food equipment or utensils, or food-contact surfaces, who performs a variety of work involved in the preparation, serving, storage, delivery of food, and maintaining kitchen and dining areas in a clean and sanitary condition.
8. "Food Worker Card" means the document issued by the Clallam County Department of Health to a certified Food Worker.
9. "Person" means individuals, governmental entities, business entities and non-profit entities.
10. "PHSC" means the Public Health and Safety Committee, a committee within the administrative offices of the Tribal government.
11. "PHSP" means the Public Health and Safety Plan of the Tribe.

12. "Tribal Non-Fee Land" means the trust and reservation lands of the Tribe.
13. "Tribal Facilities" means any facilities of the Tribal government or a Tribal entity on Tribal Non-Fee Land and Tribal fee land.
14. "RCW" means the Revised Code of Washington.
15. "WAC" means the Washington Administrative Code.

## **Chapter 28.02** **Public Health and Safety Committee**

### Section:

28.02.01 Establishment of the Public Health and Safety Committee

#### *28.02.01 Establishment of the Public Health and Safety Committee*

There is hereby established a Public Health and Safety Committee ("PHSC"), as an administrative committee of the Executive Committee, consisting of members of the Tribal staff, designated by the heads of the various Tribal departments and approved by the Executive Committee.

## **Chapter 28.03** **Tribal Food Code**

### Sections:

- 28.03.01 Codes Incorporated By Reference
- 28.03.02 Food Worker Card
- 28.03.03 Commercial Food Service Entities
- 28.03.04 Non-Commercial Food Service Entities
- 28.03.05 Miscellaneous Food Vendors
- 28.03.06 Inspections and Enforcement

#### *28.03.01 Codes Incorporated By Reference*

**28.03.01.1** FDA Food Code, as amended from time-to-time, is hereby incorporated by reference into and made a part of this Title. Provided, however, that to the degree the provisions of WAC Chapter 246-215, as amended from time-to-time, modify the FDA Food Code, then the provisions of the WAC shall control.

**28.03.01.2** The provisions of WAC 246-417, as amended from time-to-time, related to requirements for food worker cards, is incorporated into and made a part of this Title by reference.

**28.03.01.3** This Title may amend or modify provisions of the FDA Food Code or state law, in which case this Title will control.

#### *28.03.02 Food Worker Card*

**28.03.02.1** All food handlers receiving compensation for their services, whether employees or contractors, operating on Tribal Non-Fee Land, shall have a current Food Worker Card issued by the Environmental Health Division of the Clallam County Department of Health and Human Services pursuant to the provisions of WAC 246-417.

**28.03.02.2** Volunteers working as food handlers on an irregular basis on Tribal Non-Fee Land and associated facilities, such as at a Tribal picnic, are not required to have a Food Worker Card. However, their activities shall be overseen at all times by a supervisor with a current Food Worker Card. Such supervisor may be an employee, contractor or unpaid volunteer of the Tribe.

**28.03.02.3** Written guidelines, covering proper food storage, handling and serving, as set forth in this Title and in incorporated codes, will be posted in each kitchen or food preparation area located in Tribal facilities on Tribal Non-Fee Land.

#### *28.03.03 Commercial Food Service Entities*

**28.03.03.1** Commercial food service entities, such as restaurants and caterers operating on Tribal Non-Fee Land, shall be subject to the relevant provisions of this Title.

**28.03.03.2** Each Food Worker employed by an entity listed in section 28.02.03.1, above, shall have a current Food Worker Card, as provided for in this Title.

#### *28.03.04 Non-Commercial Food Service Entities*

Non-commercial food service entities operating under Tribal government programs, such as, the Tribe's Elder's Program, Children's Program, Teen Youth Group, or Food Bank Program, shall comply with the relevant provisions of this Title, including the requirement that Food Workers have a Food Worker Card. Each Department Director is responsible for verifying and ensuring current Food Worker Card status of their staff.

#### *28.03.05 Miscellaneous Food Vendors*

**28.03.05.1** Any Person who is a vendor of food products on Tribal Non-Fee Land shall comply with the requirements of this Title. This includes, but is not limited to, Tribal citizens or Tribal staff who are vendors of shellfish, fish, game meat, eggs, etc.

**28.03.05.2** Donated shellfish, fish or game meat to be served at a public event, or given to individuals, will be prepared, cut and stored in accordance with the relevant provisions of this Title and delivered by the Tribe, in accordance with the FDA Food Code or, if

delivered fresh, properly stored and distributed under the supervision of a member of the Tribal staff with a current Food Worker card.

**28.03.05.3** Tribal staff or Tribal citizens who choose to purchase or accept donated shellfish, fish, or game meat for their own use from vendors not in compliance with this Title will do so at their own risk.

**28.03.05.4** Any Person who utilizes the facilities of the Tribe on a contract basis for the preparation of food shall comply with the relevant provisions of this Title. Tribal staff will ensure that any contracts covering the rental of Tribal facilities where food preparation will be permitted, reference the applicability of this Title to food preparation activities under those contracts.

#### *28.03.06 Inspections and Enforcement*

**28.03.06.1** The Tribal staff shall engage food safety consultants, on an as-needed basis, to conduct periodic inspections of all facilities covered by this Title that are used for the preparation of food.

**28.03.06.2** The CEO may take appropriate actions, both administrative and judicial, as deemed appropriate and as warranted by circumstances and as recommended by the food safety consultant, to enforce the provisions of this Title.

**28.03.06.3** For situations in which an imminent threat to public health is thought to exist (e.g. a foodborne disease outbreak), the Clallam County Health Officer may be contacted as outlined in the Olympic Regional Tribal-Public Health Mutual Assistance Agreement (MAA) for technical consultation and/or assistance in recommending actions to abate the public health threat on Tribal Non-Fee Land.

### **Chapter 28.04 Emergency Preparedness, Training, Response and Care**

Sections:

28.04.01 Service and Maintenance of Public Health and Safety Related Equipment

28.04.02 Employee Safety Training

28.04.03 Clallam County Emergency and Law Enforcement Services

28.04.04 Miscellaneous Emergency Preparedness Provisions

#### *28.04.01 Service and Maintenance of Public Health and Safety Related Equipment*

**28.04.01.1** The COO shall ensure that each fire detection and suppression system in any Tribal Facility is tested and serviced, as recommended by the manufacturer, and the results documented.

**28.04.01.2** The COO shall ensure that each fire extinguisher is inspected and serviced, according to the manufacturer's recommended procedures, and the results documented. Extinguishers shall be recharged, when and if necessary, according to the manufacturer's recommendations.

**28.04.01.3** The COO shall ensure that each emergency lighting system is tested and serviced, as recommended by the manufacturer, and the results documented. When appropriate, long-life bulbs, such as CFL or LED bulbs, shall be used to replace normal incandescent bulbs in emergency lighting. The appropriate members of the Tribal staff will be trained on this activity and a regular schedule for providing the service will be established and implemented.

**28.04.01.4** The COO shall ensure that each item of emergency medical equipment, such as a defibrillator, is tested and serviced, as recommended by the manufacturer, and the results documented. One member of the Tribal staff, in each building where a defibrillator is located, will be trained on this activity and a regular schedule for providing the service will be established and implemented.

**28.04.01.5** Emergency response kits, for non-medical situations, such as those for use in biohazard spills, shall be located in every occupied Tribal Facility. They shall be inspected periodically to ensure all the required items are present in sufficient quantity and all items are serviceable and sanitary, as appropriate, and the results of the inspection documented.

**28.04.01.6** In emergency situations, where the assistance of law enforcement personnel, fire or EMT services is required, the Tribal staff will coordinate with the appropriate local officials, as set out in section 28.04.03.3, below.

#### *28.04.02 Employee Safety Training*

**28.04.02.1** Tribal staff and employees of Tribal entities shall receive training in the following areas, as appropriate, based on their job classification and duties:

- Fire Safety and Extinguishing;
- Basic Life Support: first aid, CPR and the use of defibrillators;
- Injury Prevention, Occupational Safety and the Use of Personnel Protective Equipment;
- Hazard Communication Standards;
- Control of Hazardous Energy through use of Lockout/Tagout;
- Infectious Disease Control and Prevention; and

**28.04.02.2** Annual drills shall be conducted at all Tribal Facilities for the following:

- Emergency Action; and
- Evacuation for Fires or Natural Disasters

#### *28.04.03 Clallam County Emergency and Law Enforcement Services*

**28.04.03.1** Fire, rescue and EMT services are provided to the Tribe by the CCFD3 from their facilities on Tribal trust land located at Highway 101 and Sophus Road in Blyn, Washington and other facilities in the area.

**28.04.03.2** The CCFD3, as time permits, is available to provide inspection, advisory and training services to Tribal staff regarding emergency preparedness and fire protection. Tribal staff is encouraged to make use of these services to further enhance the public health and safety of Tribal citizens, staff and visitors.

**28.04.03.3** Law enforcement services are provided on all Tribal Land by the CCSO.

#### *28.04.04 Miscellaneous Emergency Preparedness Provisions*

**28.04.04.1** All emergency calls will be placed to 911.

**28.04.04.2** First aid kits appropriate for the ages served and the program size, will be maintained at each Tribal Facility and be made available on outings away from the site. Each kit must be accessible to Tribal staff members, but must be inaccessible to children. The contents of each first aid kit shall be maintained in accordance with recommendations of the American Red Cross, unless otherwise specified by the PHSC.

**28.04.04.3** In the event of a public health emergency, natural disaster, or related event, the Tribal Council, upon the request of the CEO, may temporarily grant command and control authority to federal, state or local officials for an initial period of ten (10) days. Any extension of such an order must be approved by the Tribal Council. Each such order shall include, at a minimum, the following:

- a) The name, title, organizational affiliation, address, phone number, fax number and email address of the official to whom the temporary grant of authority is to be made;
- b) The purpose of such grant;
- c) If the grant is being made pursuant to an existing interlocal agreement, such as the Mutual Aid Agreement, and if not, the terms of such commitment;
- d) Any provisions of the applicable state law which are being adopted as Tribal law for the duration of the grant;
- e) The contact person at the Tribe; and
- f) Any commitment of staff and/or resources being made by the Tribe.

## **Chapter 28.05** **Control of Infectious Diseases and Vectors**

Sections:

28.05.01 Infectious Disease Control

28.05.02 Vector Control

### *28.05.01 Infectious Disease Control*

**28.05.01.1** The Tribal staff shall make a good faith effort to comply with the most current standards set by the Control of Communicable Disease Manual published by the American Public Health Association, and relevant Centers for Disease Control Guidelines.

**28.05.01.2** Tribal staff will follow universal precautions when responding to, and disinfecting after, incidents involving blood or potentially infectious body fluids.

**28.05.01.3** Tribal staff will be trained on infectious disease control and prevention and on the use of personal protective equipment and disinfection procedures in accordance with 29 CFR 1910.1030 Bloodborne Pathogens and 29 CFR 1910-135 Respiratory Protection.

**28.05.01.4** Tribal staff will insure that the PHSP contains a section on preventing bloodborne pathogen and airborne pathogen exposures and conducting appropriate post-exposure evaluations and follow-up, should an exposure occur. The section should contain, at a minimum, provisions dealing with the following:

- a) Job risk classifications, with potential exposure determinations by classification, which are reasonably anticipated to involve exposure to airborne, blood, body fluids, or other potentially infectious materials. This can include information from the Tribe's medical clinic bloodborne pathogens exposure control plan ("MC-BBP");
- b) Medical screening, when appropriate, for all potential responders. This can include procedures similar to those set out in the MC-BBP on post-exposure evaluations and follow-up procedures;
- c) The exposure control procedures, by job risk classifications;
- d) A list of available personal protective equipment, its location, and posted guidelines for its use;
- e) The education and training needs, by job risk classification;
- f) An annual review of needle stick and sharps' injuries (if any) to determine if protective equipment needs to be changed or training enhanced to protect workers;
- g) How labels and signs are to be used to communicate risks;
- h) How compliance with the PHSP section will be monitored; and
- i) How the PHSP will be reviewed periodically and be kept updated.

**28.05.01.5** Tribal Health Care Providers Licensed in Washington State (Physicians, PA-C, ARNP) will report Notifiable Conditions in a timely manner as specified by WAC 246-101. Reports will be on standard reporting forms and submitted by FAX, mail, or a secure electronic reporting system in compliance with the Health Insurance Portability and Accountability Act (HIPAA). Tribal health care providers will assist local health officials in identifying exposed contacts of a communicable disease, when necessary, and assure appropriate testing, treatment, or chemoprophylaxis is carried out.

#### *28.05.02 Vector Control*

**28.05.02.1** Tribal staff will insure that all Tribal Facilities are free of insects, rodents or other pests that may constitute a public health hazard or are potential vectors for human diseases or animal diseases with the potential to cross the species barrier. As part of this effort, vendors may be retained to provide periodic applications of various control agents for pests, such as pesticides, fungicides, rodenticides, etc. (“Control Agents”), as appropriate. If any of the various Control Agents are labeled for home and garden use only, then they will be classified as “Unregulated Control Agents” which may be applied by appropriate members of the Tribal staff. If any of the Control Agents are not labeled for “Home and Garden Use Only,” then they may only be applied, as set for the in Subsection 28.05.02.3, below, and will be referred to as “Regulated Control Agents.”

**28.05.02.2** Regulated and Unregulated Control Agents are to be applied according to manufacturer’s instructions.

**28.05.02.3** Any use of Regulated Control Agents shall be done or supervised by an individual certified by the State of Washington. The application of any Control Agents will be done in compliance with all provisions of the most recent editions of the FDA Food Code, Federal Insecticide, Fungicide, and Rodenticide Act, and 29 CFR 1910.1200 Hazard Communications Standard.

**28.05.02.4** All applications of Regulated Control Agents at Tribal Facilities are to be documented with records of contractual extermination services maintained at the Tribal offices, including the types and amounts of the Control Agents applied, the purpose for using the Control Agent, the date of application and who applied or supervised the application of the Control Agent.

## **Chapter 28.06 Handling Hazardous Materials**

Sections:

28.06.01 Chemical Hazard Communication

28.06.02 Hazardous Materials Use, Handling and Storage

28.06.03 Hazardous Materials Emergency Response

### *28.06.01 Chemical Hazard Communication*

**28.06.01.1** If chemical products, other than consumer products or unusually large quantities of consumer chemical products, are used or stored in Tribal Facilities, then Tribal staff will develop a Hazard Communication Program. The Hazard Communication Program will include: identification of responsible staff, a written Hazard Communication Program document, a list of all hazardous chemicals in a given Tribal Facility, material safety data sheets (“MSDS”) for all hazardous chemicals present, specific labels on all hazardous chemicals, and employee information and training.

**28.06.01.2** In developing a Hazard Communication Program, the provisions of 29 CFR 1910.1200 Appendix E - Guidelines for Employer Compliance will be followed. Additionally, Tribal staff will follow the guidelines set out in OSHA Publication 3084 “Chemical Hazard Communication.”

### *28.06.02 Hazardous Materials Use, Handling and Storage*

**28.06.02.1** The use, handling and storage of hazardous materials shall be done in accordance with 29 CFR 1910 Subpart H - Hazardous Materials. All chemical products used or stored in Tribal Facilities shall be done in accordance with the manufacturer’s labeled instructions or MSDS, as applicable.

**28.06.02.2** The PHSC may elect to review the MSDS and information on any hazardous or toxic materials prior to purchase for use by the Tribal staff and, whenever possible, request that a toxic substance be replaced with non-toxic substitute.

**28.06.02.3** Access to those areas in Tribal Facilities where hazardous materials are stored shall be restricted to authorized personnel. Doors will be labeled appropriately so emergency response teams can verify the presence of hazardous materials stored in each facility. Hazardous storage areas can include, but not be limited to, storage rooms, utility spaces and rooms, furnace rooms, janitor’s closets, and attics.

**28.06.02.4** Hazardous or toxic substances are to be kept in a restricted location separate from medications and food.

**28.06.02.5** Fireworks will be stored and handled in accordance with the manufacturers’ recommendations.

### *28.06.03 Hazardous Materials Emergency Response*

Emergency response to hazardous materials incidents shall be handled in accordance with the provisions of 29 CFR 1910.120 - Hazardous Waste Operations and Emergency Response and in cooperation with CCFD3 and the CCSO, as appropriate.

## Chapter 28.07 Injury Prevention, Occupational Safety and Personal Protective Equipment

Sections:

- 28.07.01 Injury Prevention and Safety
- 28.07.02 Personal Protective Equipment
- 28.07.03 General Environmental Controls

### *28.07.01 Injury Prevention and Safety*

**28.07.01.1** The Tribal staff is responsible for preparing and maintaining the PHSP which contains, along with the Tribe's General Operations Manual, written safety policies and procedures that include fire protection, fire detection, fire suppression, the use and storage of toxic and hazardous substances, safety, equipment inspection, injury prevention and emergency preparedness.

**28.07.01.2** The Tribal staff shall receive injury prevention and emergency response training appropriate to their job classifications and duties.

**28.07.01.3** Tribal staff will maintain records on all injuries that occur on Tribal Non-Fee Land. Records will be reviewed periodically to identify preventable injury trends and efforts will be made to address identified injury problems.

### *28.07.02 Personal Protective Equipment*

The provisions of 29 CFR 1910 Subpart I - Personal Protective Equipment shall be followed by Tribal staff in determining which members of the staff are required to be provided personal protective equipment, and to the degree necessary after such determination is made, the required personal protective equipment will be provided.

### *28.07.03 General Environmental Controls*

The provisions of 29 CFR 1910 Subpart J - General Environmental Controls shall be followed by Tribal staff in determining when such controls are needed and when such a determination is made, insuring those controls are implemented.

## Chapter 28.08 Commercial Diving Operations

Section:

- 28.08.01 Commercial Diving Operations

### *28.08.01 Commercial Diving Operations*

Diving operations conducted on or off Tribal Non-Fee Land shall be conducted according to the provisions of 29 CFR 1910 Subpart T - Commercial Diving Operations.

## Chapter 28.09 Emergency Medical Care

### Sections

28.09.01 Emergency Medical Care

28.09.02 First Responders

#### *28.09.01 Emergency Medical Care*

**28.09.01.1** Tribal staff shall insure the PHSP sets forth processes and procedures for responding to medical emergencies.

**28.09.01.2** Emergency medical kits, designed for care of injuries and Basic Life Support, shall be placed in the Tribal medical and dental clinics. The kits shall be inspected periodically by designated members of the staff of each clinic to insure all required items are present in sufficient quantity and all items are serviceable and sanitary, as appropriate.

#### *28.09.02 First Responders*

The CCFD3 and the CCSO will be the designated first responders, in case of an emergency, to Tribal Facilities.

## Chapter 28.10 Vehicle Operation

### Section:

28.10.01 Vehicle Operation

#### *28.10.01 Vehicle Operation*

The COO shall verify that all operators of Tribal vehicles are of driving age in the State of Washington, and have a valid, current Washington State driver's license. Employees or interns 16 years of age and under may not drive Tribally owned or leased motor vehicles on public roads as part of their jobs, even if they possess a valid driver's license. Employees/interns 17 years of age may drive cars and small trucks on public roads as part of their jobs only in limited circumstances as outlined in the Tribal Operations Manual.

## Chapter 28.11 Public Health and Safety Plans

### Sections:

28.11.01 Plan Requirements

28.11.02 Training and Education in Public Health and Safety

### *28.11.01 Plan Requirements*

The Tribal government and each Tribal entity, shall develop and implement its own Public Health and Safety Plan ("PHSP"), appropriate to its operations and risks.

### *28.11.02 Training and Education in Public Health and Safety*

The Tribal government and each Tribal entity shall be responsible for establishing and implementing a program, set out in its PHSP, to educate and train its employees in health and safety issues, as appropriate to its operations and in compliance with applicable laws and regulations.

## **Chapter 28.12 Miscellaneous Provisions**

Sections:

- 28.12.01 Good Samaritan Immunity; Exceptions
- 28.12.02 Notice
- 28.12.03 Construction and Severability
- 28.12.04 Tribal Sovereign Immunity and Jurisdiction Preserved
- 28.12.05 Effective date

**28.12.01.1** Any person, including but not limited to a volunteer provider of emergency or medical services, who without compensation or the expectation of compensation renders emergency care at the scene of an emergency or who participates in transporting, not for compensation, from there an injured person or persons for emergency medical treatment shall not be liable for civil damages resulting from any act or omission in the rendering of such emergency care or in transporting such persons, other than for acts or omissions constituting gross negligence or willful or wanton misconduct.

**28.12.01.2** Any person rendering emergency care during the course of regular employment and receiving compensation or expecting to receive compensation for rendering such care is excluded from the protection of section 28.12.01.1, above.

**28.12.01.3** For the purposes of section 28.12.01.1, above, the following words and phrases shall have the following meanings unless the context clearly requires otherwise:

- a) "Compensation" has its ordinary meaning but does not include nominal payments, reimbursement for expenses, or pension benefits;
- b) "Emergency care" means care, first aid, treatment, or assistance rendered to the injured person in need of immediate medical attention and includes providing or arranging for further medical treatment or care for the injured person. Except with respect to the injured person or persons being transported for further medical treatment or care, the immunity granted by section 28.12.01.1, above, does not apply to the negligent operation of any motor vehicle; and

c) "Scene of an emergency" means the scene of an accident or other sudden or unexpected event or combination or circumstances which calls for immediate action other than in a hospital, doctor's office, or other place where qualified medical personnel practice or are employed.

#### *28.12.02 Notice*

Whenever notice is required under this Title, it shall be deemed given when personally delivered or deposited in the U.S. Mail with proper postage affixed thereto and addressed to the party to whom the notice is given as provided in an official statement of a party's address on file with the Tribe.

#### *28.12.03 Construction and Severability*

**28.12.03.1** This Title is exempted from the rule of strict construction, and shall be liberally construed to give full effect to the objectives and purposes for which it was enacted.

**28.12.03.2** If any section of this Title, or its application to any person or entity or circumstance, is held invalid, the remainder of the Title, or the application of the provision to other persons or entities or circumstances, shall not be affected and shall remain in full force and effect.

#### *28.12.04 Tribal Sovereign Immunity and Jurisdiction Preserved*

Nothing in this Title shall be construed as a waiver of the sovereign immunity of the Tribe. Nothing in this Title shall be construed as a grant of jurisdiction to the United States or to a State or local government or to another tribal government.

#### *28.12.05 Effective date*

This Title shall become effective ten (10) days after its approval by the Tribal Council.

### **Chapter 28.13 Codification and Amendments**

Sections:

28.13.01 Codification

28.13.02 Amendments

#### *28.13.01 Codification*
